

GENERAL INFORMATION	
KEYWORDS	Category 3 aviation medical certificate, stroke
FILE NO.	P-3184-01
SECTOR (Marine or Aviation)	Aviation
SPECIFIC JOB	---
DIAGNOSIS (Primary, Secondary, etc.)	Stroke
REVIEW	
DATE OF DETERMINATION	February 14, 2006
MEMBER	Dr. David S. Ahmed
DETERMINATION	The member confirms the Minister of Transport's decision to refuse to renew the category 3 aviation medical certificate of the applicant.
REASONS FOR THE DETERMINATION	
<p>Refusal to renew a category 3 aviation medical certificate — Following his stroke in 1999, the applicant's medical certificate was suspended. The Minister of Transport (Minister) is of the opinion that the applicant is at a much higher risk than the normal populace for developing serious complications such as blood clots or bleeding, etc., which, should this happen, could probably cause dangerous and sudden in-flight incapacitation. Based on the evidence, the member upholds the Minister's decision not to renew the applicant's medical certificate.</p>
