

GENERAL INFORMATION	
KEYWORDS	Mental health, psychiatric disorder, aviation medical certificate
FILE NO.	W-3378-01
SECTOR (Marine or Aviation)	Aviation
SPECIFIC JOB	Holder of an airline transport pilot licence
DIAGNOSIS (Primary, Secondary, etc.)	Schizoffective disorder
REVIEW	
DATE OF DETERMINATION	January 2, 2008
MEMBER	Dr. Michel Richard
DETERMINATION	The member confirmed the Minister's decision not to renew the applicant's medical certificate.
REASONS FOR THE DETERMINATION	Refusal to renew an aviation medical certificate — Following a 2007 medical examination report, the applicant was advised that his medical certificate was not being renewed based on his past history. On the evidence provided by the Minister of Transport, the member is satisfied that in the case of the applicant, the diagnosis of schizoffective disorder is not only appropriate and well-founded but is also well documented. The member confirmed the Minister's decision not to renew the applicant's medical certificate.
